Abstract

This is where the abstract should be placed. It should be less than 200 words and give a concise summary of your paper. Replace the title, authors, and addresses with your own title, authors, and addresses. You may have as many authors and addresses as you wish. If there is more than one author, please use an asterisk to indicate the author who will present the paper in the conference. You are urged to avoid mathematical notation whenever possible. It's preferable not to use footnotes in the abstract or the title.
