# 2007 Singapore Statistical Poster Competition

## Entry Rules

1. Poster must be of A1 size. **3-Dimensional poster will not be accepted.**
2. Any layers of paper on posters must be affixed securely. The poster should be suitable for hanging.
3. Posters must be the original design and creation of the participants themselves. Computer graphics may be used.
4. Subject matter is the choice of the participant(s) or their classmates. A listing of the original data, brief description of method of data collection and purpose of the experiment should also be taped to the back of the poster. Please cite references for published data.
5. Submit the entry form with the poster. Be sure the poster itself gives no information that identifies the team or school.
6. Students may work individually or in teams. The maximum number of students per team is four.
7. All posters submitted become the property of the sponsor and partners and will not be returned. By submitting a poster entry, participants agree that the poster may be displayed by the sponsor and partners and featured in their publications.

There is no registration fee and the participants can submit their entry forms with their posters. The submission deadline is **20 July 2007**. Students will work on their entries under their teachers' supervision.
