

Information on Module Registration for Semester 2, AY2018/2019

Research Programme Students:

Students need not register for dissertation as it is a compulsory aspect of candidature.

Coursework Programme Students:

Students need to register for projects/clerkship modules for monitoring of progress purposes.

Module Registration Period

14 to 25 Jan 2019: Registration / Add Module

- For Level 5000/6000 modules offered by Science, students are required to register online via the [Graduate Online Registration System](https://neon.science.nus.edu.sg/intranet/student/) at <https://neon.science.nus.edu.sg/intranet/student/>.
- For level 4000 and below, cross department/faculty modules, students are to submit the Module Registration Form to their respective departments for approval by 23 Jan 2019. Separate forms are required if students wish to read modules offered by different departments/faculties.
- EXEMPTION: M.Sc. Science Communication and Doctor of Pharmacy (PharmD) students are exempted from this exercise as modules will be registered for them directly by the department.
- For M.Sc. Quantitative Finance students, please register QF5xxx modules by submitting the Module Registration Form as they will not appear in the online system.
- For students who have to register for the Graduate English Courses, please note that the registration schedule for CELC differs from the faculty module registration timeline. Please adhere to CELC's schedule.

14 to 25 Jan 2019: Drop Module without Penalty

- For Level 5000/6000 modules offered by Science, students are required to drop the module online from 14 Jan to 25 Jan 2019. Students using the Module Drop Form should submit the forms to their home departments by 23 Jan 2019.
- For level 4000 modules and below offered by Science, students are required to use the Module Drop Form.
- For cross department/faculty modules, students are required to use the Module Drop Form.

26 Jan to 1 Mar 2019: Drop Module with "W" Grade

- Students are to use the Module Drop Form for all modules that they wish to drop.
- 'W' grade is not a fail grade, it is an indication that the module is dropped after choosing it. As there is no Grade Point allocated for 'W' grade, it will not have any impact on student's overall GPA (Grade Point Average).

2 Mar 2019 Onwards: Drop Module with "F" Grade

- Students are to use the Module Drop Form for all modules that they wish to drop.
- Students will receive a Fail Grade for the module(s) that they drop. This will have an adverse impact on student's GPA.

Notes

Class Timetable and Exam Timetable

- For list of graduate modules offered by the Faculty of Science and the class timetable, students may refer here. Login is required. For all other modules, please refer here.
- For the exam time table, students may refer here.
- *It is the responsibility of the student to ensure that he/she is not registered for modules with clashes in class timetable or examination timetable. Please refer to home department for assistance regarding time table or module details.*

Module Matters

- Generally, part-time students are allowed to read a maximum of 3 modules per semester. (Part-time M.Sc. Quantitative Finance students are allowed to read a maximum of 2 modules per semester).
- Full-time students are generally allowed to read a maximum of 6 modules per semester. (Full-time M.Sc. Quantitative Finance students are allowed to read a maximum of 4 modules per semester).
- However, students are strongly encouraged to check with their respective departments on the maximum number of modules they are allowed to read per semester as it may differ from programme to programme.
- All modules taken are graded and counted towards your CAP.
- Students may choose to read additional modules over and above their module requirements. They may choose to take the additional modules (subject to department's approval) on a Satisfactory/Unsatisfactory basis (S/U) or audit basis.
- 'S/U' modules will appear on the student's transcript/result slip but will not be counted towards the student's CAP.
- Students who audit a module need not sit for final examinations and will not receive a final grade. Audited modules will not appear on the student's transcript/result slip. The number of audited modules are not counted towards the maximum number of modules a student is allowed to read per semester. However, students should exercise good judgment and not register for more modules than their manageable workload.
- Students may check their list of registered modules via their Student Information System (SIS) account at <https://myisis.nus.edu.sg/>.

Problem with Online Registration

You may experience some delay during the period of online registration due to heavy server traffic. Kindly access the system again. Please contact the NUS IT helpdesk at 6516-2080 or email to itcare@nus.edu.sg if you have problems logging in due to wrong userID or password.

Forms

The following forms may be obtained from the [Student Portal](https://myportal.nus.edu.sg/studentportal/sci/gd/) at <https://myportal.nus.edu.sg/studentportal/sci/gd/> :

- Module Registration Form
- Module Drop Form
